Alleged sex cult guru, actress sidekick face human smuggling claims

By Priscilla DeGregory
May 15, 2018 | 5:42pm

Evidence in the case against alleged sex cult leader Keith Raniere and his accused sidekick, "Smallville" actress Allison Mack, will include not only victims of sex trafficking and forced labor but of "human smuggling" and "alien harboring" as well.

In a filing to discuss how sensitive evidence involving the ranieri's sex cult — Nxivm — will be handled, Brooklyn federal prosecutors wrote that some materials identify "victims of human smuggling, alien harboring, physical or mental abuse towards an intimate partner, stalking, sexual abuse or sex trafficking."

Human smuggling refers to the importation of illegals into the US or the harboring of illegals already here.

This language has not previously been mentioned in this case , which also involves allegations of sex slavery and branding of women, and could suggest new charges may be filed.

Hi, my name is Allison Mack

YOU MAY KNOW ME FROM TV'S 'SMALLVILLE' BUT YOU MAY NOT KNOW IT THAT I HAVE BEEN CHARGED WITH CHILD TRAFFICKING FOR MY ROLE IN RECRUITING PEOPLE INTO A CULT CALLED NXIVM, WHICH IS ACCUSED OF HAVING A HISTORY OF ABUSE AND THE GROUP CALLED ME 'DIMP MACK' AND AFTER THEY JOINED THEY WERE 'BRANDED NEAR THEIR GROINS, CAGED, STARVED AND TURNED INTO SEX SLAVES' FOR THE GROUP'S MEMBERS AND ITS LEADER

NXIVM was operating 11 daycares in Albany, NYC, LA, London, Madrid, Guatemala City, Mexico City, 3 other Mexican cities, & Miami.

Penelope Cruz paid 120k to enroll her daughter in NXIVM school. Raquel Perera, wife of Grammy winner Alejandro Sanz, was director of Miami location.

State Closes Midtown Miami School Tied to NXIVM "Sex Cult" Leader

JERRY IANNELLI | APRIL 27, 2018 | 9:00AM

In 2015, Raquel Perera, wife of 17-time Latin Grammy winner Alejandro Sanz, debuted a school called the Rainbow Cultural Garden in posh midtown Miami. Speaking to Univision, Perera bragged that by immersing toddlers in as many as seven languages at once, the school would revolutionize teaching. Univision credited a New York guru named Keith Raniere with developing the unusual plan.

Fast-forward nearly three years, and Raniere has now been ousted as the leader of an alleged sex cult called NXIVM, which is accused of blackmailing women and branding them with flaming-hot irons. Last month, Raniere was arrested by the FBI on sex-trafficking charges; an Albany home tied to the Rainbow Cultural Garden has been raided by the feds, while British authorities are investigating a Rainbow-affiliated school in London.

Cult leader, But Frank Parlato Jr., a former NXIVM spokesperson-turned-whistleblower credited with first raising concerns about NXIVM, says he believes the schools were a tool to help Raniere and NXIVM members "indoctrinate children" into the cult.

"It's this huge experimental programme that teaches children how to be sociopaths," says Parlato, who says the schools charge up to \$10,000 per month. "It's a random idea that Raniere cooked up to keep the kids of his cult separated from their parents."

Throughout the 11-years Rainbow has been in operation, it has never been licensed as a pre-school or a daycare provider. In reality, it is a human experiment conceived and conducted by an alleged sex trafficker and known pedophile on children whose parents have been brainwashed by his insidious teachings and hypnosis skills. Since many of his students are trust fund children of wealthy parents, their foolishness and their money are soon parted and Raniere gets a whole new set of future cult members. The Rainbow program costs \$120,000 per year per child. Babysitters are called 'Multi-Cultural Development Specialists' [MDS] and paid between \$10-\$15 per hour. While they babysit, they speak to the child only in their native, foreign language.

To date, not one of the children has ever been known to speak fluently in several languages. To the contrary, reports have been made that some children cannot even speak their own language but rather sort of babble in a hybrid of tongues.

Among the rich and famous who placed their child in this "scientific innovation" is actress Penelope Cruz. DOS branded slave, Michelle Hatchette was overseeing the experiment on Ms. Cruz's child, which was conducted in Miami. Michelle Hatchette is in the same slave pen that India Oxenberg is in and her slave master is Allison Mack.

Reportedly, Penelope got her child out about the time in June-July when *Frank Report* published that her 'Nanny' was a branded slave.

CULT LINK Posh Brit school founded by American 'cult leader' under 'review' by watchdog

The experimental educational programme – which strongly denies any wrongdoing – has 11 branches around the world, according to its website, including one in Kensington, London.

Its programme – which is believed to cost parents up to \$120,000 a year per child – involves children being taught by up to seven nannies a week, from different countries, who each speak to them in their own native language – including Mandarin Chinese, Arabic, Russian, German, Hindi and Spanish.

Unregulated psychological experiments involving children, child molestation, financial crimes, illegal immigration, tax violations and unlicensed schools and daycare operations were all reported to the New York State Police. Yet, all these crimes were brushed aside by Senior Investigator Rodger Kirropp in order to charge three people with "criminal computer trespass".

Yum! Determined to keep her and Brad Pitt's 6 children's minds off of the vicious divorce their parents are going through, Angelina Jolie treated her kids to a massive pizza dinner! The order consisted of four pizzas and a bag full of other goodies, and was delivered to Angie's rented LA mansion. We're sure the kids enjoyed the delicious distraction!

Brad Pitt, 52, and Angelina Jolie, 41, may be going through a difficult divorce, but that doesn't mean they want their six children dragged into it! In fact, in what seemed like a way to give the kids a break from the drama, a huge pizza delivery was seen arriving at Angie's rented LA mansion on Sept. 26.

The pizza man was photographed carrying four pizza boxes into the home along with a brown paper bag. And while that IS a ton of pizza, we all know that six growing kids definitely know how to eat...A LOT! After all, Brad and Angie have children — both adoptive and biological — ranging from ages 15 to 8.

The kids' pizza party came on the heels of Angelina revealing that she's **asked for sole physical custody** in her divorce filing against Brad.

SEX TRAFFICKING OF CHILDREN UNDER THE AGE OF 14. WHY THE SILENCE?

These people are SICK!

Parlato, who first exposed Nxivm's activities on his website the Frank Report, says that controversial Raniere developed Rainbow Cultural Garden with the help of Dr Brandon Porter, a New York doctor currently under investigation after allegedly carrying out traumatising experiments on women in which he made them watch video clips of violent rapes and murders.

The board is now accusing Porter of moral unfitness, gross negligence and gross incompetence, according to the Post. The doctor is also accused of "human subjects an actual video of the horrific and brutal murders and dismemberment of four women by machetes; and violent film clips, including a male African American being viciously stomped by a Nazi; a conscious male being forced to eat a portion of his own brain matter; and a graphic gang rape," according to a report cited by the Post.

Although the federal authorities in the Eastern District of New York are to be commended for arresting Raniere and putting an end to his sex trafficking operation, that is only the tip of the iceberg in terms of all the crimes he has committed. And the Rainbow Cultural Garden-related crimes against the little children of his cult members – some as young as 6 months – may be his greatest crime of all.

Women can be pedophiles & they often slip under the radar. Was Asia Argento grooming Jimmy Bennett publically & keeping photographic evidence to provide collateral to a cult? Certainly appears that way. Also sounds like she was planning on filming child porn with him in Italy.

Asia Argento: #MeToo figurehead 'accused of sexual assault'

21 August 2018 Entertainment & Arts

The New York Times says it has lawyers' documents showing that actor and musician Jimmy Bennett alleged Argento sexually assaulted him in 2013 when he was 17 and she was 37.

According to the publication, Bennett said the assault took place at a hotel in California, where the age of consent is 18. Bennett played Argento's son in the 2004 movie "The Heart Is Deceitful Above All Things."

On Tuesday, the Huffington Post reported a statement from Argento,

Asia Argento: #MeToo figurehead 'accused of sexual assault'

21 August 2018 Entertainment & Arts

Bennett's lawyer wrote in the notice that his client was sexually assaulted by Argento back in 2013 after being dropped off by a family member at a Marina del Rey hotel for a visit. The teenager was unable to drive himself due to an eye condition which prohibits him from operating a motor vehicle.

The Times, citing a copy of the notice they were sent by an anonymous source, reported that Argento then sent the family member away and was alone with Bennett in her hotel room.

Argento then gave the minor "alcohol to drink and showed him a series of notes she had written to him on hotel stationery."

"Then she kissed him, pushed him back on the bed, removed his pants and performed oral sex," said the report.

"She climbed on top of him and the two had 'intercourse,' according to the notice.

Argento took a number of photos of herself and Bennett after the alleged assault, including one of the two lying naked in bed. She also posted five photos from the pair's make-up to her Instagram that day, starting with one of herself in which she wrote: "Waiting for my best son my love @jimmybennett in trepidation #marinadelrey smoking cigarettes like there was no next week."

In her second post she shared a selfie of herself with Bennett and wrote: "Happiest day of my life reunion with @jimmybennett xoxo."

In that same post, one follower wrote: "Asia cast him again! xoxo."

Argento replied: "Jimmy is going to be in my next movie and that is a fact, dig that."

When she was then asked if the film would shoot stateside, Argento responded: "no we shoot the s*** in eye-2's ly's"

This is what grooming a child looks like.

Bourdain allegedly paid off her \$380,000 settlement btw.

Yes, you read that right, her boyfriend paid off the little boy that she groomed for years and eventually raped. They disparaged Jimmy over texts calling him a liar, an opportunist and a rapist himself.

TMZ NEWS SPORTS VIDEOS PHOTOS CELEBS TOURS

Anthony Bourdain paid the \$380,000 to **Asia Argento**'s sexual assault accuser ... and denies she had sex with the then 17-year-old, but **TMZ** has seen text messages between **Asia** and **Anthony** that suggest otherwise.

Bourdoin just released a statement, saying, "I am deeply shocked and hurt by having read news that is absolutely false. I have never had any sexual relationship with Bennett." The Bennett to which she is referring is **Jimmy Bennett**, whom she had visit her in a hotel room when he was 17 and she was 37.

She acknowledges Anthony paid, saying, "Anthony personally undertook to help Bennett economically." She goes on to say Bennett was litigious and made exorbitant money demands and they wanted to "no longer suffer any further intrusions in our life."

Bourdoin and Argento -- who were dating for over a year before Bourdin's death -- texted each other about Jimmy Bennett, referring to him as a "donkey" and Bourdin writing that paying him is "no admission of anything, no attempt to buy a cover up, simply an offer to help an obviously tortured soul whose desperate and trying to jack you for money."

Bourdoin goes on to say, "Or you just tell him to f*** himself. Either way, I am with you."

In discussing the settlement -- which ended up to reportedly be \$380,000 -- Argento confesses, "I am also broke." Bourdin makes it clear he's handling the negotiations, instructing Argento to take a call from a rep who is involved in the matter.

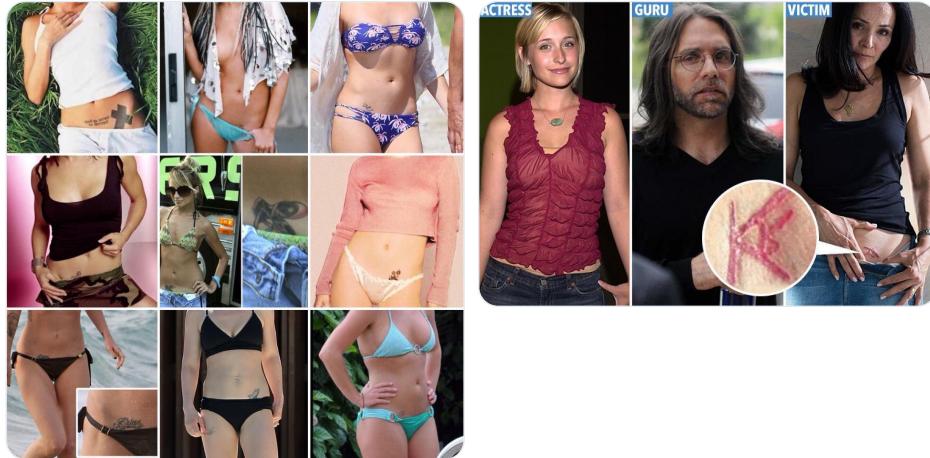

Asia, at one point, seems to contradict her claim she never had a sexual relationship with Bennett, saying, "It wasn't raped (sic) but I was frozen. He was on top of me. After he told me I had been his sexual fantasy since he was 12."

Angelina Jolie & Kids Get Massive Pizza Delivery Amidst Brad Pitt Custody War

Yum! Determined to keep her and Brad Pitt's 6 children's minds off of the vicious divorce their parents are going through, Angelina Jolie treated her kids to a massive pizza delivery on Saturday that consisted of four pies and a bag full of other goodies, and was delivered to Angie's rented LA mansion. We're sure the kids enjoyed the delicious distraction!

Brad Pitt, 52, and Angelina Jolie, 41, may be going through a difficult divorce, but that doesn't mean they want their six children dragged into it! In fact, in what seemed like a way to give the kids a break from the drama, a huge pizza delivery was seen arriving at Angie's rented LA mansion on Sept. 26.

The pizza man was photographed carrying four pizza boxes into the home along with a brown paper bag. And while that is a ton of pizza, we all know that six growing kids definitely know how to eat...A LOT! After all, Brad and Angie have children — both adoptive and biological — ranging from ages 15 to 8.

Their oldest son **Maddox Chivan**, 15, then comes another boy, **Pax Thien**, 12. Next is daughter **Zahara Marley**, 11; daughter **Shiloh Nouvel**, 10; and last but not least, twins **Knox Leon** and **Vivienne Marcheline**. 8. The kids' pizza party came on the heels of Angelina revealing that she's asked for sole physical custody in her divorce filing against Brad.

Angelina Jolie, Foiled in Quest for Hot Dogs, Departs Her Local Target in Dismay

You know that feeling when you just really, really want a hot dog? Angelina Jolie sure does. The 42-year-old actress ventured out to the Target in Los Angeles, California, with two of her six children, daughters Shiloh and Vivienne, in search of processed meat.

But to the trio's chagrin, when they arrived at the discount retailer's Eagle Rock location, there were no hot dogs to be found. *Page Six*'s intrepid "man in aisle five" (Graham Greene would be proud) reported, "The kids were disappointed, so they all left." (It's not

A prominent Venezuelan politician accused Angelina Jolie of being a CIA agent on Thursday, saying the actress should instead worry about the "43 million poor people in the United States."

"They are agents of imperialism, the CIA, the Pentagon, all of those people that imperialism has them to act and make them cry a river so that the world believes that...they have touched the heart of a Hollywood star," Diosdado Cabello, the president of the National Constituent Assembly said during his weekly television show, according to Peruvian newspaper El Comercio.

Cabello also claimed that Jolie's trip to Peru as a U.N. envoy was just a cover-up for her true intentions, adding that she should "worry about the 43 million poor people in the United States" and "for the children they keep in cages."

And here's an old video where Angelina describes ritual abuse and sacrifice. Her friend mentions having compromising photos of people. Blackmail/collateral. Sounds very similar to the activity that we already know takes place within NXIVM.

It is also probably worth mentioning that Brad and Angelina have been cross dressing their firstborn daughter for years and calling her "John".

Welcoming Shiloh

On May 27, 2006, Brad Pitt and Angelina Jolie gave birth to Shiloh Jolie-Pitt in Namibia. Because she was born in the country, she automatically received a Namibian passport and soon became a hot topic of conversation around the world. In fact, people across the globe were so eager to see the new arrival that publications were offering millions of dollars for the first official photos of Shiloh. In the end, Brangelina decided to sell the first photographs of People Magazine in the United States, and Hello! Magazine in the United Kingdom.

Pitt. Because she was the spitting image of her father, publications and paparazzi used every opportunity they had to snap photographs and update the world on her movements. The more the public saw of this child, the more overwhelmed they were. They couldn't help but compare Shiloh to Brad Pitt and noticed so many similarities in their appearance.

In fact, Angelina decided to address some of the stories and lies in the press firsthand when she took part in a 2010 interview with Vanity Fair. In this interview, Angelina gave us a clearer insight into Shiloh's life and some of the choices Shiloh had personally made. She confessed that

Shiloh decided herself that she wanted short hair, that she wanted to wear boys clothes, and that she would always choose to hang out with her brothers over her sisters. This interview prompted many people to believe she wanted to identify as a man.

Gwen Stefani's personal life came under the microscope in 2013, when her son Kingston was spotted at a birthday party wearing a tutu. Stefani also allows both her sons, Kingston, 8, and Zuma, 6 to put on makeup. She explained her decision in an interview saying, "It's really important more than anything else to not be talked into something, to stand your ground and to be able to be strong about what you feel. I don't want them to try to be like everyone else."

Marina Abramovic raised \$2M for canceled art project, hasn't given money back

The artist is present but the cash is gone.

Performance artist **Marina Abramovic** has backed out of her grandiose plans for her upstate arts institute and questions loom over what happened to the \$2.2 million she raised over four years for the project, including donations from the likes of Jay-Z and nearly 5,000 donors in a Kickstarter campaign.

The Yugoslav-born Abramovic also said it would “change the local economy” in Hudson, NY, in much the

same way the Sundance Film Festival transformed Park City, Utah, and the Guggenheim Museum changed the Spanish city of Bilbao.

Abramovic, 70, retained renowned Dutch architect Rem Koolhaas to resurrect a dilapidated theater into a sleek 33,000-square-foot space where visitors would have to surrender their cell phones and commit to a six-hour experience.

But last month the artiste revealed she was abandoning the project, after learning the price tag had mushroomed to \$31 million.

Her surprise announcement left residents of Hudson and shocked donors questioning what she did with the cash. In addition to the 2013 Kickstarter campaign, which raised over \$660,000, her non-profit institute raked in \$1.5 million in donations between 2011 and 2015, tax filings show. Jay-Z gave “a substantial donation” to the Kickstarter campaign, according to press reports. He did not respond to a request for comment last week.

Saudi prince paid \$500k to meet actress Kristen Stewart

The unnamed royal agreed to donate the money to charity in return for a meeting with the 'Twilight' star.

By Shane McGinley 15 Sep 2013

The actress, who shot to fame playing the character Bella Swan in the 'Twilight' vampire movie franchise, agreed to meet the unnamed royal at Madison Square Garden in New York last December and in return he agreed to make a donation of \$500,000 to a Hurricane Sandy charity fund, the New York Post reported.

The meeting was negotiated by movie studio boss **Harvey Weinstein**, who told reporters at the Toronto Film Festival he was approached by the Saudi prince eager to meet the 23-year-old star.

Kristen Stewart calls out Weinstein, highlights harassment against more than just actresses

Fox News

While introducing her friend and honoree, Riley Keough, Stewart first had to address the allegations against Weinstein that so many were talking about that night. She noted that so many people discussed this topic in secret, but now they don't have to. She even went as far as to refer to Weinstein as a "mother---er."

However, what separated the star's comments from so many others is the fact that she specifically wanted to highlight the less high-profile women in show business who need to be protected from harassment and assault as well.

A Manhattan federal judge has OK'd a lawsuit that accuses Harvey Weinstein of being a sex trafficker.

The judge gave the thumbs-up Tuesday to the suit, which was filed by aspiring British actress Kadian Noble, claiming that the "Shakespeare In Love" producer violated federal laws against sex trafficking when he lured her to his Cannes, France, hotel room with false promises of an acting role for the purpose of sex.

Judge Robert Sweet's ruling noted that other courts have applied civil claims of sex trafficking to "defendants who have lured women, under false pretenses, with lucrative promises for sexual purposes."

"Here the pattern of behavior ... alleged a knowing and understanding that Harvey would use fraudulent means to entice Noble to engage in a sex act with him," Sweet said.

"The promise of a film role, the interview ... for the film role, and the assurances that 'everything will be taken care of for you if you relax,'

When Schneiderman was violent, he often made sexual demands. "He was obsessed with having a threesome, and said it was my job to find a woman," she says.
